INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
Houma-Terrebonne Regional Planning Commission
Terrebonne Parish Consolidated Government
Houma, Louisiana

We have audited the accompanying basic financial statements of the Houma-Terrebonne Regional Planning Commission (the Commission), a component unit of the Terrebonne Parish Consolidated Government, as of and for the year ended December 31, 2002, as listed in the table of contents. These basic financial statements are the responsibility of the Commission's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Houma-Terrebonne Regional Planning Commission as of December 31, 2002, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated April 23, 2003, on our consideration of the Commission's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

As described in Note 1 to the basic financial statements, the Houma-Terrebonne Regional Planning Commission adopted the provisions of Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements – and Management's Discussion and

Analysis – For State and Local Governments and Statement No. 37, Basic Financial Statements – and Management's Discussion and Analysis – For State and Local Governments: Omnibus, as of January 1, 2002. This results in a change in the format and content of the basic financial statements.

The Management's Discussion and Analysis on page 3 through 6 and the budgetary comparison information on page 14 are not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**Houma-Terrebonne Regional Planning Commission
Terrebonne Parish Consolidated Government
Management's Discussion and Analysis
December 31, 2002**

As management of the Houma-Terrebonne Regional Planning Commission (HTRPC), we offer readers of HTRPC's financial statements this narrative overview and analysis of the financial activities of HTRPC for the year ended December 31, 2002.

FINANCIAL HIGHLIGHTS

- Houma-Terrebonne Regional Planning Commission's assets exceeded its liabilities by \$103,422 (net assets) as of December 31, 2002.
- Revenues exceeded expenditures by \$3,913 during the year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis serves as an introduction to HTRPC's basic financial statements. The Houma-Terrebonne Regional Planning Commission's basic financial statements consist of following:

Statement of Net Assets. This statement combines and consolidates the governmental fund's current financial resources (short-term spendable resources) with capital assets and long-term obligations, regardless if they are currently available or not.

Statement of Activities. Consistent with the full accrual basis method of accounting, this statement accounts for the entity-wide current year revenues and expenses regardless of when cash is received or paid.

Balance Sheet – Governmental Fund. This statement presents the HTRPC's assets, liabilities, and fund balance for its general fund only.

Statement of Revenues, Expenditures, and Changes in Fund Balance – Governmental Fund Type – General Fund. Consistent with the modified accrual basis method of accounting, this statement accounts for current year revenues when received except when they are measurable and available. Expenditures are accounted for in the period that goods and services are used in the government's activities. In addition, capital asset purchases are expensed and not recorded as an asset. This statement also exhibits the relationship of revenues and expenditures with the change in net assets.

Notes to the Financial Statements. The accompanying notes provide additional information essential to a full understanding of the data provided in the basic financial statements.

BASIC FINANCIAL ANALYSIS

As noted earlier, fund balance may serve over time as a useful indicator of an entity's financial position. In the case of HTRPC, assets exceeded liabilities by \$103,432 at the close of the most recent year, December 31, 2002. The largest portion of HTRPC's total assets is cash (96%).

HTRPC's Net Assets

ASSETS	December 31,	
	2002	2001
Cash	\$ 129,073	\$ 166,993
Receivables	1,128	1,511
TOTAL ASSETS	\$ 129,073	\$ 168,504
LIABILITIES		
Accounts payable and accrued expenses	\$ 876	\$ 432
Performance bonds payable	24,775	66,993
Total liabilities	25,651	67,425
NET ASSETS		
Fund balance - unreserved	103,422	99,509
TOTAL LIABILITIES AND NET ASSETS	\$ 129,073	\$ 168,504

- Performance bonds payable account for 97% of the total liabilities of HTRPC for the most recent year ended.

Management's Discussion and Analysis
December 31, 2002

During the year HTRPC's fund balance increased by \$3,913. The elements of the increase are as follows:

HTRPC's Changes in Net Assets

	<u>For the Year Ended December 31,</u>	
	<u>2002</u>	<u>2001</u>
REVENUES		
Charges for services	\$ 28,717	\$ 33,188
Interest earned	<u>1,827</u>	<u>2,918</u>
Total operating revenues	<u>30,544</u>	<u>36,106</u>
EXPENDITURES		
Travel and training	8,780	3,038

Total operating expense	<u>28,608</u>	<u>29,976</u>
CHANGE IN NET ASSETS	<u>\$ 3,913</u>	<u>\$ 11,480</u>

As indicated above, fund balance increased by \$3,913. The decrease in the excess of revenues over expenditures from 2001 to 2002 is attributed to the decrease in interest income and charges for services and the increase in travel and training expenses as well as per diem.

ORIGINAL VERSUS REVISED BUDGET

As a matter of practice, the Commission amends its budget once during the fiscal year. For the year ended December 31, 2002, the budget was amended in October 2002. The budget for revenues was decreased by 18%.

As of and for the Year Ended December 31, 2002**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

GASB Statement No. 14 established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Financial accountability by the consolidated government is determined on the basis of the following criteria:

1. Appointment of voting majority of governing board
2. Imposition of will
3. Financial benefit or burden
4. Fiscal dependence
5. Designation of management

Because the consolidated government appoints the governing board and can impose its will, the Houma-Terrebonne Regional Planning Commission was determined to be a component unit of the Terrebonne Parish Consolidated Government, the governing body of the parish and the governmental body with financial accountability. The accompanying financial statements present information only on the funds maintained by the Commission and do not present information on the consolidated government, the general government services provided by that governmental unit, or the other governmental units that comprise the governmental reporting entity.

B. GASB 34 - FUND FINANCIAL STATEMENTS

During the year ended December 31, 2002, the Bureau adopted GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis - for State and Local Governments*, as amended by GASB Statement No. 37 and No. 38, and applied those standards on a retroactive basis.

The fund statements are similar to financial presentations of years past. The Account Group: General Fixed Assets is no longer reported as the Commission has no fixed assets with significant value or remaining useful life. Consistent with previous years, the fund statements are reported using the modified accrual method of accounting. Under this basis of accounting, revenues are recorded when received except where they are measurable and available. Expenditures are accounted for in the period that goods and services are used.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

C. FUND ACCOUNTING

The government uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts.

Governmental Funds

Governmental Funds are those through which the governmental functions of the Houma-Terrebonne Regional Planning Commission are financed. The acquisition, use, and balances of the Commission's expendable financial resources and the related liabilities are accounted for through Governmental Funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following is the Governmental Fund of the Commission:

General Fund - The General Fund is the general operating fund of the Commission. It is used to account for all financial resources.

D. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The General Fund is accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

E. OPERATING BUDGETARY DATA

The Commission's Board adopted a budget for the General Fund. The Board, as allowed by state law, does not obtain public participation in the budget process. Any amendment involving the transfer of monies from one function to another or increases

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

I. OPERATING BUDGETARY DATA (Cont.)

In expenditures at the functional level must be approved by the Commission's Board. All budgeted amounts that are not expended or obligated through contracts lapse at year end.

The General Fund budget is adopted on a basis materially consistent with generally accepted accounting principles.

F. ACCUMULATED VACATION AND SICK LEAVE

The Commission has no full-time employees. There is no accumulated unpaid vacation and sick leave at December 31, 2002.

G. ENCUMBRANCES

Encumbrance accounting, under which purchase orders, contracts and other commitments are recorded in the fund general ledger, is not utilized by the Commission.

H. ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 - DEPOSITS AND INVESTMENTS

Under state law HTRPC may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of another state in the Union, or the laws of the United States.

State law also requires that deposits of all political subdivisions be fully collateralized at all times. Acceptable collateralization includes the FDIC insurance and the market value of securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana, and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by the political subdivision or with

**INDEPENDENT AUDITOR'S
REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board of Commissioners
Houma-Terrebonne Regional Planning Commission
Houma, Louisiana

We have audited the basic financial statements of the Houma-Terrebonne Regional Planning Commission (the Commission), as-of and for the year ended December 31, 2002, and have issued our report thereon dated April 23, 2003. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Commission's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Organization's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted a certain matter involving

To the Board of Commissioners
Houma-Terrebonne Regional Planning Commission
Houma, Louisiana

the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Organization's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. A reportable condition is described in the accompanying schedule of findings and questioned costs as item 02-01.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe that the reportable condition described above is not a material weakness.

This report is intended solely for the information and use of the Board of Commissioners, management, the reporting entity, others within the organization, and the Louisiana Legislative Auditor, and is not intended to be and should not be used by anyone other than these specified parties.

Schedule of Findings and Questioned Costs
For the Year Ended December 31, 2002

Section I – Summary of Auditor's Results

1. The auditor's report expresses an unqualified opinion on the basic financial statements of the Houma-Terrebonne Regional Planning Commission.
2. One reportable condition was noted during the audit of the basic financial statements. This reportable condition was not considered a material weakness.
3. No instances of noncompliance material to the basic financial statements of the Houma-Terrebonne Regional Planning Commission were disclosed during the audit.
4. A management letter was not issued.

Section II – Financial Statement Findings

No findings material to the basic financial statements of the Houma-Terrebonne Regional Planning Commission were disclosed during the audit.

Section III – Internal Control Findings

22-91

Statement of Conditions: A reportable condition in the Organization's internal control.

Criteria: In our consideration of internal control, we noted that the size of the Houma-Terrebonne Regional Planning Commission's operations and its limited accounting staff preclude an adequate system of internal control.

Effects of Condition: The internal control, in our judgment, could adversely affect the entity's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements.

Cause of Conditions: The size of the Houma-Terrebonne Regional Commission and its limited accounting staff preclude an adequate segregation of duties and other features of an adequate system of internal control.
